Success come out- I know that you`re in there!

Psychic phenomena and how we can use it for ourselves.

Today we will be treated to a rather unusual event, a presentation by Mr. Kracke, expert on psychic phenomena. Whether you are a believer or not, it will sure be an interesting event. In his own words: "Mr. Kracke will demonstrate, how we can use psychic phenomena for our individual success and to increase our own efficiency. As an entrepreneur and communication professional, he supervised numerous DAX companies. As a hypnotherapist and wingwave-Professional, today he devotes himself entirely to the topic of Psyche and success. At various universities and academies he has imparted his broad knowledge. With his rousing speeches he thrilled his audiences worldwide as a Speaker. Entertaining, easily comprehensible and clear he shows companies and employees how and where success really arises. His audience will experience a perfect blend of knowledge and show like in Las Vegas. Exciting psychic phenomena are described in gripping stories and examples from life. Nuanced illusions that are equally fascinating and phenomenal underlining the statements in a perfect manner."

Success is easy. At least according to the Advisor books. It says do something different, do it with enthusiasm, you can make mistakes, think about it differently. Unfortunately, that's easier said than done. Whether it is the dream girl that we do not respond to, the acquisition of the clients that we shirk or speaking in a foreign language that we avoid. Almost every one of us knows situations in which we think:

„Wanted I would like to – dared I did not.“

Learn how we really tick and why it is normal that you did not dared yet. Experience how easy it is to achieve your personal goals, to improve your performance in the shortest time, to activate your potential and to change your beliefs sustainably. You can be what you want. Holger Kracke shows you how to do it."

Rotary International Convention Seoul 2016

By Herbert K. Lau

Join thousands of Rotarians in Seoul, Korea, on 28 May--1 June at the Rotary Convention. Register before 31 March for extra savings. After you register, be sure to sign up for a memorable host committee event: the Welcome Festival - world-famous K-pop stars along with Korean traditional performers and Rotary family performance; a night at the symphony; or an evening of contemporary ballet.

Seoul is the second time host city for the Rotary International Convention. The last time was in 1989. The annual convention is a global gathering festival for all Rotary family members from every corner of the world. By attending this gathering, you may choose from more than 100 convention breakout sessions to develop leadership skills, learn ways to strengthen membership, and find out how to partner for success. At the general sessions, hear from some of the world's best athletes at a panel on ethics in sports, learn from a world-champion of public speaking, and be captivated by the president of the National Geographic Society.

Last but not the least, we need you to be a volunteer to serve at the Rotary China booth located at the House of Friendship. Sign up your name with Special Representative Designate Frank Yih, now!

Highlights from the last meeting

This well attended meeting was presided over by Dean and featured two highlights. One was a visit from our old friend and Shanghai Rotarian PP Hans Huber, who now lives in Switzerland. He also did us the honor to read the 'Four Way Test' in impeccable English and Chinese. Afterwards, happy money was collected by Rita and David. One big contributor was also Hans, donating 1000 RMB and ringing the bell. PP Roger, in whose Presidency Hans was inducted, did not want to be outdone and also donated 1000 RMB. A big contribution, though not to the Saddle but to the RI Foundation was given by Moto, who was therefore also named a 'Paul-Harris-Fellow'. Afterwards also 5 boxes of chocolates were auctioned off in one of the most rapid auctions our club had ever experienced. The club was certainly also happy to be informed by Michel that a 140k RMB grant application for GOL had been done. And PP Frank informed that 3 new clubs were chartered, 2 in Beijing and 1 in Tianjin. The only 'fly in the ointment' was that Frederico announced his imminent departure for Singapore. Fare well, Frederico.

Another highlight was the enthusiastic presentation of PE Andrew about his Autism project. 2016 will be his pilot year and he already has one institutional partner, a school for children with special needs in Pudong, as well as corporate sponsors like 'GAP'. His signature item, similar to the red ribbons for aids, are black and yellow striped sleeves which convey on their wearer an uncanny resemblance to giant bees (just joking).

Even though the sleeves are black and yellow, blue is the color of autism and thus the 'Run in Blue', which will take place in April (=World Autism Day) will be dedicated to Andrews project. Andrew is still looking for sponsors – contact him asap. And – you ain't seen nothing yet: 2016 is the pilot year for bigger things to come in 2017. The meeting was adjourned with a toast to Hans.
