Leslie has 20 years' experience in the pharma industry and has worked in Singapore, Australia and China. He has a broad experience that covers supply chain management, business development, corporate affairs, commercial and general management. In his time in China, he was recognized for his leadership in crisis management. He was heavily involved in the resolution of the China government's investigation into GSK in 2013 and company's response to the COVID-19 pandemic in 2020.

A career highlight for Leslie was working closely with the Chinese government to fast track the regulatory approval of an innovative vaccine that would help prevent shingles in the population of > 50 yo. This is the first vaccine in China to receive an accelerated approval status.

He has a solid track record of developing and motivating teams, managing a commercial P&L to drive business success and enabling talent to be at their best.

Leslie graduated from Monash University, Australia with a degree in Chemical Engineering.

Highlights from our Latest Networking Evening

December 01, 2020

At its fifth edition, we can say that the format of Rotary networking evening is definitely defined in all its aspect. And of course last Tuesday was fun and interactive as usual! Alex directing the evening, asked people using www.menti.com to suggest the topics and vote for them. With 10 members, 2 visitors and 4 guests, we divided into 4 groups and we discussed about the topic that got the higher number of votes.

The 4 winning topics were: China and Western economic relations, Decoupling and double circulation in China, When will everything come back to normal and What will a Biden presidency mean to China. The level of discussion is undoubtedly increasing every time. Don't miss the next edition!

Bloodline Christmas 2020 Blood Drive

Christmas is around the corner!

For many of us, Christmas means
a time to celebrate,
to be with family.
It means Christmas trees, Santa Claus,
Christmas gifts,
and so on...

But for a few, this Christmas could be
challenging...
