### Agility: It's not just for athletes anymore! - Rita Malvone

With over 20 years of real-world experience in operations, growth, and profitability strategy, Rita Malvone works with companies of all sizes in the global market, identifying and assessing opportunities and issues company leaders need to address today and in the future.

As a dedicated mentor, coach, speaker, and trainer, Rita helps individuals and management teams create customized solutions based on their own unique challenges. In 2015, Rita launched Peacock Management Consulting to inspire companies across all industries. Rita loves being a coach, a trainer, a strategist, and sharpener of business acumen—which really means she helps you see other options when you think you've run out of them.

Rita holds a BSBA from the Boston University Questrom School of Business, and an MBA from Wayne State University. She is an active Rotarian and serves as a Board Member and the Chair of Service Projects at the Rotary Club of Shanghai.

#### Message from the speaker:

"Aside from being the Board Member and Service Committee Chair, you all know, in my daily life, I'm a Business Performance Consultant. What does that mean??? It means I work with companies and individuals to make changes that will improve their bottom lines.

As the owner of Peacock Management Consulting, I'm a coach, executive consultant, strategic facilitator, skills trainer, solution provider, and mentor. In my past life, I was a strategist for Ford Motor Company. I love working with companies to set their strategy in motion. I get excited building teams and creating better flow. I preach process, time management, and efficiency to anyone who will listen! And I am a passionate speaker on the Leadership Skills that are vital for the future.

This Tuesday, I'm honored to speak at RCS, but rather than just talk to you, I decided we might do something a little different. Thanks to President Linnet and the Board for letting me do what I love and hopefully help RCS in the process. So please come energized and excited - we are going to get up, get talking, and design a plan for RCS 2.0!"

Scheme of the meeting changed a bit tonight and no saddle was scheduled to give more space to our Rotary Ignites.

Ignites were tonight inspired Rtn Enzo, AG Andrew, and Rotaractor Chloe.

Enzo spoke about cars, and not every car: luxury cars and historical cars.

Andrew on his third Ignite time took us back to school and not any school, the school of Rock! On the same time, he definitely showed us he loves igniting such as we like being ignited and inspired.

Chloe took us into tribe jewelry world. Materials and tools used to realize it and more. Such an interesting topic.

President Linnet adjourned the meeting by our traditional toast, hoping that all these inspiring presentations ignited our passion.

**2018-19 Presidential Theme: Back to Basic**

By RCS President, Linnet Kwok

Linnet Kwok – President

I want this year to focus on Rotary's core values, **Fellowship** and **Service**.

With fellowship we create good service projects and through service we develop long lasting friendships. They are intertwined.

The arrows represents fellowship and service crisscrossing each other. The arrows also form a globe as we are an international organization and an international club.

RCS has over 20 nationalities. To create fellowship we need members, more members to deliver service projects and more members to grow the club.

To grow the club we need to work on our youth and PR. Many people don't know us or think we are a group of old middle age Anglo Saxon males! On the contrary, we are very diversified.

**Basic Info of our Club**

First chartered on 1 October 1919  
 Rechartered on 8 February 2006  
 Number of active Members – 67  
 Honorary Members – 4

**Inclusion Factory**

Project

The Inclusion Factory gives meaningful employment and training to mentally challenged individuals under real market conditions.

**Careers in Care**

Project

Careers in Care tackles the issue of a growing aged population in China by teaching migrant workers to care for the elderly.

**"Gift of Life" – Heart Surgery**

Project

GOL provides life-saving operations their family cannot afford. Over 550 children with congenital heart defects have been saved under the programs executed by the Rotary Club of Shanghai.

**Preventing Kashin-Beck disease**

Project

The Kashin-Beck disease (KBD) is a neglected disease afflicting mostly poor areas of China and resulting in stunted growth, joint deformities and chronic pain.

**The Library Project**

Project

The Library Project has established over 1,800 elementary school libraries. It has put more than 1,200,000 Chinese language children's books into the hands of eager young readers.
