ROTARY:  
MAKING A  
DIFFERENCE

Service Above Self

One Profits Most Who Serves Best

Issue No. 345 – 24<sup>th</sup> October 2017

Published Weekly

## Teeth 4.0

Prof. h.c. Dr. h.c. Eckhard Zink is a Master Dental Technician. He is also a Member of Rotary since 2013, starting in RC of ChengDu in February that year. He then moved to Shanghai and he is currently a Member of our club and serves as Director of the Board.

In September 2016 he was appointed Doctor honoris causa (h.c.) Training and Teaching by HongKong University ShenZhen Hospital and Professor h.c. by ChongQing Medicinal University

In the Dentistry the Digital Revolution takes part to change the Production Workflow. From Manufactory to CAD/CAM. During tonight presentation Eckhard will show us how it works in the Dentistry. Dentist practice and Dentallabs. The Example is an Inplant Case which is now the Therapy for Teethless Patients or loose Teeth and replace the loosing Teeth.

The Presentation will show what is now possible in 2017. Eckhard has already started this Digital Production in his own Dental Lab in Aachen, Germany 2004-2008 so join us on Tuesday night meeting to know more about this Dental Revolution.

**The Four-Way Test**  
**四大考验**  
**Si Da Kao Yan**

Of the things we think, say or do:

我们说的做的要符合: Wǒ men Shuō de Zuò de Yào Fǔ Hé:

1. Is it the truth?  
是真的吗? Shì Zhēn de ma?
2. Is it Fair to all Concerned?  
是公平的吗? Shì Gōng Píng de ma?
3. Will it build Goodwill and better Friendships?  
是善意的并促进友谊吗? Shì Shàn Yì de - Bìng Cù Jìn Yǒu Yí ma?
4. Will it be Beneficial to all Concerned?  
是对大家有利吗? Shì Duì Dà Jiā Yǒu Lì ma?

Michel Lurquin	RC Mayenne	France
Guenther Klein	RC Dalian	China
Kliment Voykinski	RC Chicago	USA

16 members, 4 visitors and 9 guests, total headcount 29

Speech momentum: Carlo Socol briefly introduced himself. He likes to consider himself a “practitioner” who thinks globally and act locally, being where youngest take challenges (school) and help them growing and fulfilling their talents, especially in a country where unemployment affects over 100mln young people. For many it is not easy to enter a good school and because of high pressure, family and society, suicide is one of the leading causes of death of young between 15 and 34 years old. To overcome this social problem specific programs are needed in cooperation with schools, authorities and enterprises. Vocational Technical Schools target is to professionally prepare young migrant people, giving them real competencies for stable work into manufacturing sector, accompany them all along with a methodology that puts the student at the center of the educational activity, enabling them to become proactive and able to contribute to social development. We all liked the citation Mr Socol had at the end of his speech: “We Serve. To Serve is what leaders do best” ! Our meeting then ended with President Moto-san toast to “Fellowship” .

### Highlights from the last meeting

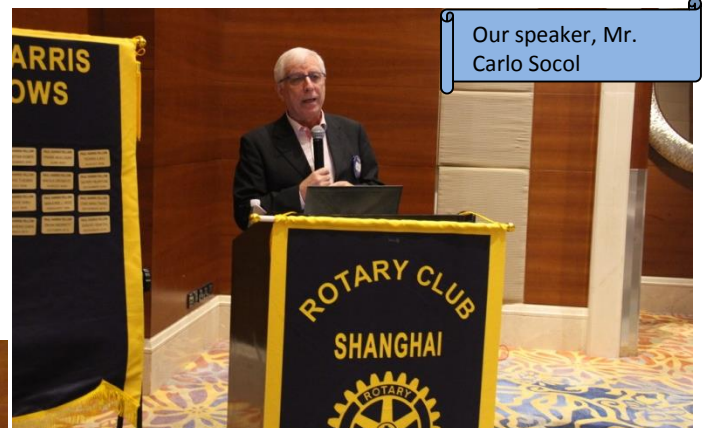

President Moto-san rang the bell to announce our meeting was starting. Tiffany, previously our member and now member of RC Fresh Start, was given the honor to lead the Four Way Test. Visiting Rotarians and guests were then introduced by Terri in absence of David.

During announcement time Terri gave a us brief summary of Golf Tournament great success. Thanks to the effort of everyone, golfers, contributors and friends at least 14 young migrant students will be helped at scholarship. Pradeep then reminded all of us that Election committee is waiting for members proposals for 2018-2019 Board election, Tracy called for reservation for our special fellowship night at Chez Maurice and Tiziana reminded to reply to the Who Is Who questionnaire for Pagoda new column.

Classification time saw our Club Secretary Michelle Li’s presentation. She was born in Shanghai then moved to Singapore and Hong Kong where she worked for a garment company and then we grew up into finance industry as Investors Relation Manager. Her life as Rotarian started in HK. She attended several Service activities, including her first Golf Tournament in 2007 in aid of GOL and in support of elder people from PuTuo district. She really enjoyed the event so that she does her best to attend golf tournament every year.

Before our speech tonight, a meaningful project was introduced by Jean Marie Sueur, guest of Michel de Vriendt. We are talking about Madaifu working in China for over 14 years. The names comes from “Dr. Ma” formerly Marcel Roux, the founder who is also a doctor from Doctors Without Frontiers. Mainly they are an orphanage without walls. This means orphans are hosted in their own village to grown into their environment. They financially support hosting families and the target is to guarantee kids access to high schools. To make this goal real they need support: one of their campaign is NOW. Everyone can support the cause by simply buying apples. See the the flyer “ Children of Madaifu”.

Birthdays celebration time: Frank Yih, Michelle Li, Frank Mulligan and visiting Rtn. Kliment Vovkinski represented the monthly born Rotarians.

Children of Madaifu introduction by Jean Marie Sueur

**Happened last week:  
That's Rotary!**

**Visiting sponsored RC in Nanjing**

- by David Smith

Last Wednesday (October 18<sup>th</sup>), President Moto along with directors Terri Lau, Frank Mulligan, and David Smith traveled to Nanjing to visit the Rotary Club of Nanjing's regular meeting.

The day was a special day for the club as it was the day they chose to recognize their members for their achievements with the symbolic pinning of all members and the elected officers by Charter President Joe Svoboda. The club currently has 16 strong members with regular attendance with another 5-6 that have shown strong interest.

Nanjing is another city in China with a long history in Rotary. The original Rotary club of Nanjing was chartered on January 19<sup>th</sup>, 1934. During the meeting, we learned that during the Nanjing Massacre, there were 3 Rotarians that decided to stay in Nanjing to help in any way they could.

The club is focusing much of their efforts on organizing their first major club event; a 1500 person "Walkathon" tentatively scheduled for next April. While many of the details have yet to be determined, it is sure to be a fantastic inaugural project.

The Nanjing club was started initially through the efforts of President Andrew and David almost a year ago. Although it has not yet reached the 20 members it needs to achieve fully chartered status, with the level of dedication the current members are giving, we can be sure that day won't be long.

**Paying a visit at YMY for Service Project follow up**

- by Tiziana Richiardi

Saturday morning, before visiting Yue Miao Yuan Home for Disabled, the idea for this article was quite clear: I'm going to report about facility, numbers and other practical situation. Then I reached the location and met Sam and Michel and we were introduced to the Manager, Mrs. Lyn. We visited the facility and we "inspected" the bathrooms because it is one of Service Committee projects to help them refurbishing them and we wanted to better understand their needs. Residents were enjoying the sunny day having an outdoor activity so indoor visit was quite easy and fast. We started talking about real needs and status of standard residents. Not a single case is alike: different levels and causes of disability, different ages and different family situation. I started feeling deeply touched but I had my *coup de grace* when we entered the room of most severe cases: it was like a punch in the stomach and my eyes felt something was happening. I had a moment of panic, cause I know you have to be strong in this kind of situations, for many different reasons and I didn't know how to handle my emotions. Suddenly a young resident came to us, smiling and saying "Hello, ok, ok". He shook our hands and hugged us. My feelings totally changed in a fraction of second. I felt renewed and my heart was full of joy. We were invited to join outdoor activity, so we did. I even played badminton and it was real fun... actually some residents had even more fun cause I know I'm terrible in sports: they really had some comic situation to watch. At the end of the visit we discussed about how RCS could contribute more to support them and we agreed that it could be a good idea to organize a "working day", helping them re-painting the facility and any other good activity will come to our mind is more than welcome. Here is the moral of the story: we receive more than what we give and I touched it with my hands today.
