The Percy Chu Scholarship Awards

The awarding of the Percy Chu Scholarships on December 16th is a special event for all of us Shanghai Rotarians. The Percy Chu Scholarship is possibly the signature cause of our Shanghai Club, as it is not merely a philanthropic event but also our Rotary History in China. The aim of the Scholarships is to encourage more college students to be committed to meaningful social charity projects and activities, and reward students who espouse Rotary's motto, "Service Above Self". From 2010-2014, 76 students have received a Percy Chu Scholarship.

Who was Percy Chu, in whose honour this scholarship is given? Percy Chu (1898-2001) was a Past President of the Shanghai Rotary Club (1934-35). His extraordinary life span three centuries and one of the most tumultuous periods in Chinese history. Born in Hangzhou, he studied in Shanghai and the US. On his return to China he embarked on an illustrious career in banking. Starting as a deputy manager for the foreign exchange department of the Chekiang Industrial Bank he soon moved on the higher positions becoming, among many other jobs, a founding member of the Industrial Bank of China. He also was very active in education, becoming the Dean of the School of Business at Shanghai College and a founder of the Shanghai Evening University. Yet his interests were not limited to that but also included founding a film magazine and developing commercial real estate. His residence at that time was a Mansion now known as the former Shanghai Residence of Soong Ching-Ling.

After 1948, Percy Chu worked in a number of administrative positions in banking and industry. During the turmoil of the cultural revolution he was forced to move from his home in Huashan Lu to very poor quarters in Ping Wu Road but, after rehabilitation in 1980 returned to South Yuping Road, where he stayed for the rest of his life. Percy Chu took a great interest in the revival of the Shanghai Rotary Club and many Rotarians of the RCS still had the good fortune to meet him in person.

Shanghai Voices International Choir will perform at the RCS on Tuesday 15 December from 19:00 to 19:15:

Warm up those vocal chords and get ready! Shanghai Voices is an International Choir made up of people from all over the world, who are brought together by their love of signing, led by a professional choral conductor. Members include sopranos, tenors, altos and basses with varying abilities who simply share a love of song.

The last meeting was as always well attended with numerous visiting Rotarians and guests participating, including a PP of the RC Bielefeld, Germany. Randal reported on the ongoing founding of Rotary Clubs in China, including a Chinese speaking Rotary Club which might be names RC Shanghai West. Sam reviewed the Percy Chu scholarship workshop in preparation of next week's awards. Moto also informed that the board meeting minutes will be sent out before Dec. 16th. Sergeant at arms this time was Sam Tung, ably supported by Anthony Aucutt.

In addition to these reports and the sergeant's session we had the pleasure of Chia-Lin Coispeau of Maverlinn Ltd talking to us about the Ricci Encyclopedia and taking us on a trip from Matteo Ricci's times to CSV, the modern concept of philanthropy and corporate social responsibility. CSV (Shared Value Creation) means to set up enterprises who are commercially viable while serving a purpose beneficial to society. Thus the ROI (return on investment) of such companies needs to be measured in profit as well as societal impact. Frank Yih ended the meeting with a toast to the District.

Updated Report for Rotary Club of Shanghai

Today the Rotary Club of Shanghai had adopted four villages: Tanakang, Lhakang, Tsamshung, Jomdo, all situated in the county of Lhundrup.

In Tanakang, the first village to receive support from RCS in 2010, KBDF built last year a seeds bank. At the end of 2013, seeds could be already collected from this seeds bank and distributed to either other farmers of Tanakang or to other villages. With these measures, the village becomes more and more sustainable.

Seeds bank (Tanakang)

Lhakang: fifteen greenhouses are built and two threshing machines and ten fans are donated. Building seeds banks will be for the next stage.

Tsamshung and Jomdo : implementation is planned for 2015.

A training for village doctors and village leaders was organized last month. All village leaders and village doctors from the RCS supported villages were present. It is the aim that the village leaders will transfer their knowledge to inhabitants of their villages, together with the help of the KBDF field technicians.
