Night Program: Fred Young ~ Organic Farming and *Rainbow of Hope*

Formerly an English teacher and real-estate consultant, Fred Young is a passionate individual with an inspiring dream. He spends most of his time promoting his vision of eco-communities enriching both urban and rural lifestyles, and teaching others about farming, community organizing, and NGO management. In the future, Fred hopes to spend more time nourishing, coordinating and educating the farm community. The first youth of his village to graduate attend university, Fred retired from the corporate world in 2008 and fearlessly

returned to his hometown in West Hunan, giving back to his community by creating an organic farming business and the Rainbow of Hope program. After 10 years relentless explorations for the effective solutions to the issues with his home village, which is harassed by depression in both economy and culture, and with help from various experts, scholars and other passionate individuals in eco sustainable development, the holistic solution of Urban-Rural Bridges came into shape. Urban-Rural Bridge (UrB) addresses the issue of imbalanced development between urban and rural areas which is caused by the gaps between urban and rural areas in information, technology and economy. UrB bridges, empowers and cares for urban and rural communities with concrete knowledge, techniques and tools that are computerized into the UrB app. The UrB app empowers farmers, especially those small ones, to deliver quality work to meet the solid demands of the rural communities which are developed by UrB city community organizers.

Happy brand new hubby Alex

Speaker time arrived and we welcomed Sarah Kochling who first introduced herself and her background telling us how she got closer to Rotary during her life and about the fact that she has been living in China for 30 years, a journey that started with Rotary! The topic actually moved from the expected "the importance of asking why", to "the power of asking why", where this simple question can take you to. Sarah's presentation was thought provoking, many questions were raised and some discussions continued after President Linnet rang the bell. A toast to Alex for a happy marriage was offered by President Linnet.

2018-19 Presidential Theme: Back to Basic

By RCS President, Linnet Kwok

Linnet Kwok – President

I want this year to focus on Rotary's core values, **Fellowship** and **Service**.

With fellowship we create good service projects and through service we develop long lasting friendships. They are intertwined.

The arrows represents fellowship and service crisscrossing each other. The arrows also form a globe as we are an international organization and an international club.

RCS has over 20 nationalities. To create fellowship we need members, more members to deliver service projects and more members to grow the club.

To grow the club we need to work on our youth and PR. Many people don't know us or think we are a group of old middle age Anglo Saxon males! On the contrary, we are very diversified.

Basic Info of our Club

First chartered on 1 October 1919
 Rechartered on 8 February 2006
 Number of active Members – 66
 Honorary Members – 4
