

# Happy Morning with Youdao

It is a very bright sunny (and hot! for its season) Saturday when a group of fellow Rotarians meet very early in the morning to take a bus and go all together to Jiading district to have a happy playfull day with Youdao's kindergarten kids.

Youdao is a foundation supporting migrants workers kids to get education here in Shanghai and our Cub has been supporting them for quite long time, last memory is 2016.05.20 Golf Tournament, a great event that has been helpful to 17 kids.

Let's go back to this bright day, a perfect example of Family, our club theme for this year. I prefer to make a «picture report» cause I'm quite sure pics can better explain the feeling of the day. Enjoy!
