Fengshui your home and business

Fengshui is an ancient art developed over 3,000 years in China. It is a complex body of knowledge that reveals how to balance the energies of any given spaces to assure the health and good fortune for people inhabiting it. Nowadays Fengshui is still having its impact on architecture and interior decoration. One of The best known Fengshui users is Hong Kong's property king Li Ka-shing.

According to Chinese Fengshui, 80% of the buildings has full propitious aspects and will become luckier or happier after the tenants have moved into them. A good design of the building doesn't necessarily means being a 'good' building. But there is still many methods to adjust Fengshui to make things better then. Chinese astrology is a kind of fate therapy to help people to avoid bad fate and go to the better way. It can tell you how to use the five elements power to help you and your family and improve your fortune, good luck and health.

BaoLu Zhang, expert of Fengshui and Chinese Astrology, inherited his ancestor's affinity for the art and graduated from Anhui University of Traditional Chinese Medicine, studied Fengshui and Chinese Astrology for more than 20 years and has developed his own system of Fengshui and Chinese astrology. He has rich experience in consulting and training for various well-known domestic and international enterprises such as China Telecom, Natuzzi Italy, Shanghai Rural Commercial Bank, etc. Known for his accuracy of prediction and distinguished performance his name was written into "I Ching Master book".

Highlights from the last meeting

Busy meeting schedule tonight with excellent attendance, including some guests who came directly after visiting our booth at Expat Show which is a very good sign of its success! We started with The Four Ways Test led by Natalie followed by visiting Rotarians and guests welcome introduced by Linnet.

During Announcement time, Thilo, Chair of PR Committee, gave us a brief recap about Expat Show. Great attendee of visitors but also volunteers from our Club which made the event, to be said in one single word, «Fantastic!»

Terri reminded all of us about Golf Tournament in aid of Youdao Foundation supporting migrants families. Sponsors, golf players, in-kind donations for raffle, diners and raffle tickets are all welcomed. Cash, wechat, alipay, transfers: all ok, just be with us. Be generous for disadvantage kids.

Then James Zhou, from Hangzhou, renewed the invitation for the Ride to End Polio which will be held in Hangzhou on October, 21-22 (see program details at page 4). President Moto-san also reminded us about the Joint Meeting, October 28. Hurry up to book your seat!

Saddle time was runned by Lingsheng and Tracy, just in time to go over to Induction time. Terri, Chair of Membership Committee, had the pleasure to introduce Ingo Wolfsholz and Enzo Carrubba as new Members and Raluca (Catalin’s wife) as Honorary Member as she distinguished herself within the past year with her dedication for GOL project.

Schedule of the night then left the momentum to Happy Birthdays celebration. As per our new tradition we celebrated our monthly members B-days and we have been happy to have Linnet, Rita, Raluca and Pradeep. We sang for them, they blew on cake candles and we all enjoyed a very sweet cake.

Last but not least we arrived at speech time. Our speaker tonight was firstly introduced by Linnet who met Cathy Wen at work. Cathy firstly introduced herself and her carrier background, till she arrived at the happy talking about coaching, but first she underlined that the topic of the night was going to be about business coaching, not life coaching. Winning point stays in working with talented people. «Before you are a leader, success is all about growing yourself. When you become a leader, success is all about growing others» (cit. Jack Welch) Coaching is all about having and giving, unlocking others’ potentials, helping to learn rather than teaching them. Very close concept to Rotary philosophy. And that’s also the difference versus other roles like training, coaching, managing and so on. Life is a continuous journey and coaching is a great help to raise selfawareness. After the sparkling presentation we still had a few minutes for Q&A and then President Moto-san thanked and greeted Cathy by offering our RCS Polo shirt as a gift.

We ended the meeting some minutes later than usual but it was worth it with such a busy and interesting schedule. The toast was made for the new members.

Rotary Summer moments

Summer is one of most relaxing moments of the year, aided by the fact that weather is good, hot, longer daylight time, our clothes are less formal and so on. Most of companies offer summer vacation so club meetings are less attended and as per our tradition we enjoy fellowship nights during this period. Many Rotarians use to travel, some come back to their hometown to visit family members and relatives, others enjoy a nice trip in different countries. None of us forgets to be Rotarian! No matter where we are, we look for the closest Club to enjoy their meetings and new fellow Rotarians friendship. Visit exchanges are even highly recommended by RI new President in order to strenghten worldwide relations. Rotary has over 40,000 Clubs Worldwide, Making a Difference. Our Club members have been very good in this relationship connections and a few already shared their experience through our wechat group. Here is an extract of those momentum and we hope other fellow Rotarians would like to share more. If so please send your picture with some note to our editor.
