Highlights from Our Fellowship

September 29th, 2020

The last fellowship dinner again didn't take place in the Kunlun but at another location, as for this year it has been planned not to restrict ourselves to just one location. We met at the "Guinness GateHouse" a new bar/restaurant located in JingAn area and well known for excellent fish but also more standard fare like good burgers - and obviously Guinness.

Attendance was low this time, maybe due to the coming October holidays. Yet the mood was excellent, with a number of guests. Also we were happy to see Audrey and Sophia again - the latter had also

chosen this venue for displaying her collection of designer face masks. As always, a good way to celebrate fellowship in more casual surroundings!

Bolivia Recap

At the height of the pandemic in May, Rotaract joined hands with The Cactus Bar and Restaurant, Saslsame Mucho the organizers of “Dance for Bolivia Latin Night” who were partnered with NGO Inti Phajsi in Bolivia to raise funds in order to send aid to Bolivians in need of supplies.

The supplies in need were masks and other sanitizing supplies to help against the battle with COVID-19. Miguel Angel, Rotaract’s representative and project lead along the entities mentioned above were able to raise a sum of 7,500 RMB from the Latin Night event with the help of RACS PR & Marketing Director Lareesa with her diligent work on the marketing strategies used to help gain

the interests of more people and get the event across to bring in a crowd.

RACS Community Service Director Linda also gave a helping hand in getting the event on the right track. With her diligence, Linda helped diffuse the flyer onto various social media hubs and local portals such as smart shanghai to get the awareness about the Latin Night event out there.

All funds raised were collected by The Cactus and sent to the Sal-same Mucho Company which then in turn transferred the funds to the Bolivian NGO Inti Phajsi where it was used it to make the necessary purchases, and were donated to a street market in El Alto, Bolivia. The Market place was then able to implement precautionary measures to monitor the foot in the market place by tracking and logging temperatures to prevent the spread of the virus.

The project overall was a success as all parties involved were able to help in which way possible getting these supplies in need to the receiving parties.

Slip and Swap

Rotaract’s Sip and Swap, partnered with the Real Shanghai Bar who was gracious enough to host the event. Between all the fashion inclined individuals in RACS, filling a room with clothes was easy.

When approached, The Real shanghai bar owner Dan who is experienced in working with our sponsor club RCS in hosting a comedy event was very willing to help by letting RACS use his space for the event. Filled with excitement for hosting such an event at his bar Dan himself also had clothing in which he wished to donate to the heart to heart foundation and was so excited he also donated a pop-up changing room to the event to help pedestrians find the right fitting clothes during the event.

The Real Shanghai bar and RACS came to the agreement that during the event, persons participating would be given happy hour

special during the course of the event and 15% of all sales would also be donated to heart to heart. RACS Community Service Director Linda Liu said “The reason why I loved doing this Sip & Swap event is because it touched upon helping both human needs and creating a positive impact on the environment.” She went on to say that Event participants were able to declutter their wardrobe by bringing in their unwanted, but otherwise still of good quality, clothes and swap them out for new items while sipping on drinks. Clothing that weren’t swapped away was donated to Heart to Heart Shanghai where it will be distributed to sponsored children and their families.

On the day of the event, we had volunteers from all factions of Rotary, Interactors, Rotaractors and from the sponsor club Rotary Club Shanghai. Everyone turned up and showed lots of support.
