The Four-Way Test 四大考驗

Of the things we think, say, or do:
对于我们所想、所说、所做的事情，
我们应该事先扪心自问：

- 1. Is it the truth?**
是否一切属于真实?
- 2. Is it fair to all concerned**
是否各方得到公平?
- 3. Will it build goodwill and better friendships?**
能否促进亲善友谊?
- 4. Will it be beneficial to all concerned?**
能否兼顾彼此利益?

Even though the attendance for the meeting was a bit under average, everyone had a wonderful time. Fellowship was lively and the view from the meeting room of the beautiful cityscape still dazzles no matter how many times one looks at the majesty of our fine city, Shanghai!

We had a nice introduction to Rajat Agarwal, our potential member, about his life. Our member Alejandro gave the Rotary Minute. We also had Sophia, our previous member, who is the President of the Rotary Club of Shanghai Elyse, stand up and give us an update on the Butterfly Cup and the event's very important cause.

Our speaker came from one of our favorite partners in Shanghai, Young Bakers. Jijia Wang, their GM, spoke about her organization. We were all shocked at the beginning of her speech when she told us she was nervous. She actually seemed very comfortable and did an amazing job! We learned about the situation of the students and what they accomplish before graduation. One point that stood out was that some of the students have the privilege of going to Paris for one year to learn to make bread. I asked if I could attend, but it was made clear I did not qualify.

Our President David was particularly happy during the meeting, so much so that there were moments when he was in the zone and he forgot to tell people they could sit down. Hey, it ain't easy being the President!

Highlights from our latest meeting

Butterfly Cup 2022

In the last issue of our member magazine Pagoda, we shared some general news about the butterfly cup 2022, organized by the Rotary Club of Shanghai Elysée. In this issue, we'll add the sportive results: Our team, coached by Rotarian Tomas in absence of Rotarian Markus, qualified for the Elite Stage by drawing twice (0:0, 1:1) and winning the final group match by 2:0. In the first match of the Elite Stage, we lost 0:2 against the team of Rotary Club of Lujiazui, consisting of more "pros" than "Ros" :-)

It was great fun to play, win and lose together, and enjoy the great spirit and power of Rotary, bringing together 1,600 people to support Debra and the Butterfly Kids.

For the team, the following Rotarians: Andrew, Christian (GK), David, Tomas, and Tarik, and Friends: Daniel, Max, Pei San, Ray, and Tomas, laced their shoes.

Snowland Art School

Snowland is located in Xiahe, Gansu province of China. It's only a couple of hundred meters from Labrang Monastery, which is famous for its thangkas (traditional tibetan art).

Snowland teaches tibetan students from 18 year olds and above, both men and women. Most of them come from nomadic families, and few are encouraged to follow the path to becoming an artist. They have all worked hard, and fought to be able to do what they love: pain.

At the school they learn both the traditional buddhist art, thangka, and western art, focusing on perspective and proportions. The program lasts for five years, and after graduations students can go on to pass on their skills through teaching, some are illustrators for children's books and some have found other creative ways to practice their art.

If you want to know more about the school, please visit their website: <http://www.snowlandart.org>. Also - if you're traveling in China, remember that you too are welcome to visit this school.
