Update on the Inclusion Factory

By Nadav Ben Simon

Nadav is a social entrepreneur who has been working with NGO's and governmental sectors in various social programs

and sustainability projects. Nadav is specializing in projects that are focusing on the inclusion of the "other" back into the society. In 2011 Nadav initiated projects which aim at supporting elderly African communities through unique agricultural farms; In 2013 Nadav initiated and executed projects for the re-integration of under-privileged youth through employment opportunities and vocational training. From March 2015 he has been managing the Inclusion Factory aka Taicang Handicapped Workshop.

He will provide an update on these topics:

- Status update from our workshop – production figures, main industry partners and recent challenges, specifically as a company promoting social change
- Advisory Service – consulting & implementing service we offer companies for the inclusion of physically challenged people in their operations.
- Job Coach Academy – This month we will launch a training program for the certification of Job Coaches (leaders of sheltered workshops) in cooperation with the German Chamber of Commerce, Shanghai.
- Industry 3.5 – our newly developed production methodology - a truly innovative shop floor management system which allows less skill operators to take part in

complex production processes while increasing productivity rates and at the same time reducing the need for skilled personnel presence for guidance and quality inspection during the production process.

Happy money: 3.650 RMB

Highlights from the last meeting

Our last meeting was for the first time chaired by Linnet, our incoming President. It went very smoothly and the extraordinary amount of happy money collected underlines how happy people will be with her presidency. The meeting started with Filippo reading the Four-Way-Test. Then Christian introduced guests and visitors. This was followed by various announcements. David highlighted the coming Austin Powers Party and Christian distributed leaflets, asking all members to further distribute them in schools, supermarkets and wherever a blackboard can be found. Tiffany and Dean proceeded to collect happy money. Peter donated 1.000 RMB as after long absence he managed to be back again, while Ralf, donated 1.00RMB for being happy about having a new job. Unfortunately he also announced his departure, not from China but from Shanghai. Maybe he can start a Rotary Club in Wuhan, his new residency. Last but not least there was also a birthday cake for Diane, Dean and Adam, our February birthday children. The meeting was adjourned with a toast to Ralf.
