Meet Jean Liu and EF Rural English Teachers Training Program (2017)

Jean is Senior Vice President at Education First (EF), the world's largest privately-held education company. Jean leads the company's Government and Public Affairs functions. Prior to joining EF 2 years ago, Jean headed the global Cloud Marketing Team within IBM's Growth Market Unit. She later went on to lead IBM China's Marketing team for Cloud and for the technology services business. Before joining IBM, Jean was Vice President of Corporate Affairs for the EDS Corporation. Based in Shanghai, Jean was responsible for government relations, business development, partner relationships and marketing and communications for EDS China. She was also a director on the Board of an EDS joint venture in Shanghai, as well as Vice Chairman of the China Association of Services Trade.

Jean spent 5 years in the telecommunications industry, first as Director of Brand Management and Advertising at AT&T Asia Pacific. Later she became the Global Vice President for brand management and advertising with Concert, an AT&T / BT joint venture, based in Hong Kong. Before joining the technology industry, Jean gained extensive advertising, public relations and marketing experience with leading global agencies, holding management positions with public relations firm Burson-Marsteller and advertising agency D'Arcy Masius Benton & Bowles (DMB&B) in the United States and Asia.

Jean holds a BA degree in Economics and Political Science from Wellesley College and an MBA from the University of Chicago.

Come and join us on Tuesday, 22nd to know more about her training program for rural English teachers.

Highlights from the last meeting

Back to regular meeting we had a very busy night, starting with our Four-Way Test lead by Wing-See. Visitors and guests were introduced by our good Sergeant David. Then President Moto helped Marriott to advertise their moon cakes with a very special prize for RCS members and friends: RMB140 instead of normal market price RMB288.

Few announcements followed by starting with the sad memory to PI PE Sam F. Owori who left us too early. For his position Barry Rassin has been selected and our President Moto-San told us which his vision is and how he wants to strengthen Rotary image to attract more people to become members and do more good in the world.

Moto-San then called for helpers for Expat Show (Sept. 8-10): we need helpers for Thursday booth set-up, and helpers for Saturday & Sunday. Don't forget to offer your support and contact Thilo for more information if you need.

Tracy announced again our 8/29 fellowship dinner at the Moon's (RSVP via WeChat or ClearCut by August 22)

Moto-San presented InteRota Taipei (Rotaract World Conference 2017/ Sept. 2-6), RSVP please contact sasha@rotarychina.org

As announced the night was going to be very busy and we could not miss a very important ceremony: President Moto granted the Honorary Member certificate to Herbert Lau. You probably heard about Herbert in several occasion: Herbert is our Rotary Historian and we had the pleasure to have him visiting us on this night to let us know about himself and our Club. He is such a precious contributors to us. Time for Frank Yih's guest to introduce herself: Lora Huang - The Story of Mine. Lora Huang, HuaQiao Foundation Medical Officer and Scholarship awardee of Si Chuan University and on her way to study in John Hopkins University in Baltimore, Delaware, USA, master degree in public health, she is from JingHong southernmost of YunNan Province on the border of Laos. Lora spoke to ChengDu Club 3 weeks ago and IPP Harley rated her the best speaker in his club. Lora talked briefly what she does and is highly inspired by Rotary teaching and movement. At the end, she shared a poem "Success" to find a better self through serving others.

Here is our new generation to report about their "Japan Exchange Tour". Presentation was well offered by Moto's son Takayasu Yamane and Dian Jiao (President of Nanmo Interact Club) who told us about the meetings, learning and communicating. The presentation has been very involving and if you want to know more you can read next page article by our President.

Saddle was taken by David Smith, supported no less than by President Moto!

Incredible but true we were still in perfect timing and here comes Adam's waited speech about Shanghai International District Index 2017, which is right to the interest of all participants.

Want to know which is the most expensive district in Shanghai? Whoever missed the interesting report will find Adam's presentation in RCS WeChat group Rotarians and Friends.

To test participants' China experience, Adam played a game similar to last year one. He started with most popular places in China (e.g. Suzhou) and districts in Shanghai (e.g. Huangpu). When the mentioned places you did not visit in the past 5 years you had to sit down. Surprising is, when Xi'an was called, only four remained standing, when Shenzhen finally called, all sat down but not David.

Adam received many questions afterwards and requests e.g. China Rotary Index, Charity Clubs Index would be very much welcomed.

Moto San gave a toast – cheers for the new generations.

Our New Generation! Cheers to our Future!

Report of 2nd Interact Exchange Tour to Japan - Summer 2017

Date	Activities
Fri, Jul. 28 th	Shanghai → Tokyo
Sat, Jul. 29 th	Participating on Interact Annual Conference of RID 2750 in Tokyo / Sumida River Firework Festival
Sun, Jul. 30 th	Sightseeing in the Tokyo Area
Mon, Jul. 31 st	Visiting Disabled People's home for music exchange
Tue, Aug. 1 st	Discovering Japanese nature and culture- Hakone and hot spring
Wed, Aug. 2 nd	Visiting Disabled People's home for sport exchange
Thu, Aug. 3 rd	Tokyo → Shanghai

17 Interactors from Shanghai and Chengdu visited Japan for the exchange tour during the summer vacation, accompanied by 3 adults, led by President Moto.

It was the 2nd trip of this kind after 2 years ago. The biggest difference from the 1st trip was that both the Conference and the trip were mainly planned and managed by the Interactors.

Interactors in China learned from the Japanese conference 2 years ago as observers and successfully held the 1st District Interact Conference in Shanghai on April 3rd.

This time, we were invited to make reports of Interact activities in China and introduction of the Shanghai culture to the audience.

All the slides and attractions including violin solo of "Shanghai Tan" and Shanghai Dialect practice were planned and jointly performed by SHSID and Nanmo Interactors.

The Japanese organizer told me after the event that the China team was the best and Japanese Interactors should learn from us. We learned from Japan two years ago, and now we gave back to Japan by sharing our experience. Isn't this a very good model of the purpose of Interact- to provide opportunity for young people to work together in a world fellowship dedicated to service and international understanding?

The team visited two different local Disabled People's homes during this short trip.

At the first one, we showed music and dance performances. The audience was intellectually disabled with heavy level. When we discussed about the plan one week before the trip at Frank Yi h's office, we were afraid whether we could do any meaningful communication with them. But the students brought ideas and talents together and finally we could remove the barrier between the disabled and normal people in the room.

At the second one, we participated in a sport exchange event with intellectually disabled people together with local middle school student volunteers. All our members were allocated to teams paired with disabled people and joined the sport games together. We could learn how to help and how to respect people who have difficulty in moving and communication.

A Japanese care manager admired to see one of our Chinese students helped wipe saliva of her partner quite naturally. He said that not so many Japanese volunteers can do that. Pampered Chinese kids are generally infamous for selfishness due to the one child policy. But our Interactors were proved to be different.

It was a trip full of fun and learning.
