Ulrike Vogt - RC Stuttgart, Germany

RCS Rotarians enjoyed 2 unique events (at least!) at this past Tuesday's meeting. The first was enjoying David Smith's first opportunity to lead a meeting, to which he brought his usual high energy and sense of humor.

The second unique event was our virtual interaction with speaker Adam Jarczyk of Frontierview. The technical arrangements went smoothly (thanks Tilman!), and Adam's Covid-related content was, as expected, timely and interesting.

Jeff graciously led the four way test for our intimate group, and Christian Goettker gave his introductory talk to let the Rotarians get to know him better.

David reminded everyone of the upcoming events and closed the meeting after Happy Money and a toast.

Highlights from the last meeting

GOL Updates

On behalf of the GOL Committee, I would like to report that our GOL program is entering its 21st year and so far the program has saved 665 kids from the fetal congenital heart defect.

Needless to say, The Rotary Foundation has played an important financial supporting role through the 10 different Rotary grants which amount to a total over US\$1 million (~Rmb6.85). This is highlighted in the attached summary. This amount only represents half of the funding for the program in the past 20 years. The other half came from other fund raising which many of our club members and the local communities contributed tremendous effort, just like the "Run in Blue" organized so successfully by Shanghai Rotaractors over the past weekend.

Moreover, the GOL program is also expanding to the western region, with great support from RC Kunming. And the fellow Rotarians over there will soon become a driving force of the GOL program in Kunming and likely in the western region.

Contributions

Contribute to the speaker program and strengthen our network! Help us bring in exciting topics and high-quality speakers.

In the year of Elevated Engagement, The Speaker Program Committee will focus on high-impact speakers that can help us attract more guests and increase our membership diversity. To accomplish this goal, we have devised three categories: Charities, Businesses and Inspirational story-telling.

Charity speakers should share key learnings from their experience in community assistance and opportunities for collaboration. Business speakers should provide strategic outlooks on business in China such as trends and growth in D&I, social responsibility, finance, technology, and other categories relevant to our membership. Inspirational story-tellers should share exciting personal or advocative narratives that broaden our scope of culture, places and society.

Contact Jeff and Christian with speaker proposals.
