Highlights from the last meeting

Last Tuesday, Nov. 23th, was our annual Election Evening. The Election Committee, Markus, Alex, and Moto, put in many hours to get us to this point, and we are grateful for their efforts.

We were at our usual venue, the Kunlun Hotel, but in a different and slightly smaller room that was already arranged with a convenient space set up for members to vote.

Rita started the meeting asking Christoph to read the 4-way-test. Since it was also the November birthday celebration, a delicious chocolate cake came out of the kitchen, and Naomy and Rainer had their time on stage to blow out the candles.

At 7:00 P.M. sharp dinner was served with a refreshing duck breast salad, a big side of baked seabass... and obviously the chocolate cake for dessert.

Before we got to start the actual voting process, Moto kindly introduced the voting bylaws and explained the steps. An important fact to know is that the now elected board will actually start their lead not before July 1st, next year!

Then we started: each member was called by name and reached the table where our three Rotaractor helpers -Ciry, Johnny and Larissa- were distributing and collecting the ballots. In a very short time, we were ready for the counting.

It was quite a neck and neck battle between the two candidates for the Nominee Presidency: Terry Chu and Christoph Wenner.

With only a three point difference, the 2022/23 President Nominee is Terry Chu!

And here are the final results:

President Nominee: Terry Chu Vice President: Elizabeth Espinosa Secretary: Tarik Gartner Treasurer: Rainer Kern

Director: Carlotta Godio

Director: Terri Lau

Director: Tilman Rieger

Director: Jeff Hasenfratz

Director: Markus Berger

Congratulations to the Board of 2022-23. We're confident that RCS is in excellent hands. Rita ended the meeting with a toast to the new board and the future of Rotary!

Spreading Love with YouDao Foundation

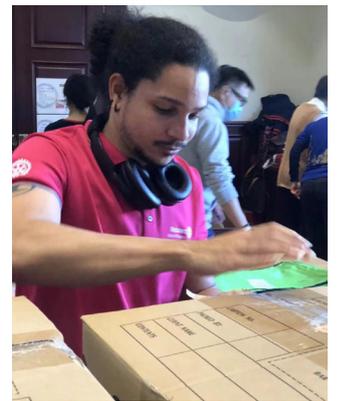

On Saturday November 13, 2021 the Rotary Club of Shanghai, Rotaract, and Interact members were a part of the 25 volunteers who supported the YouDao Foundation's "Spreading Love to Yunnan" efforts to prepare 1,300 school kits for 17 schools in Liuhe Yi Nationality Township in Yunnan province.

Starting at 9:00am, Volunteers were hard at work to sort and organize the gifts and pack the boxes according to schools and grade levels. Teamwork and logistics were the name of the game, and the volunteers came together to help get all of the bags completed by 12:00 – just in time for a relaxing lunch together!

A total of 100 boxes, generously donated by Asian Tigers Relocation Company, were prepared with the gift bags containing art supplies, stationery, socks, towels and dictionaries to prepare kindergarten, primary and secondary students for their studies.

A huge thank you to all of the volunteers and we are looking forward to the next call to action!

Mangroves Restoration at COP-26

An alarming 50% of the world’s Mangrove forests have disappeared over the past 50 years.

The opening for Rotary International President Shekhar Mehta’s roundtable at COP26 featured ESRAG Director Vic Grosjean’s video on the mangrove restoration project of the Rotaract Club of Malindi, Kenya.

Vic spent six months documenting mangrove work by Rotarians and Rotaractors in .

In the past year and in preparation of COP-26, the Ocean Innovators© team has reached out to Rotarians around the world in Commonwealth Countries and connected with People of Actions.

Watch Colin Cosbie interview from the Rotary Club of Redcliffe Sunrise in Australia and establish your own initiative to showcase the importance of Mangroves in your local area.

Make a lasting impact, connect with Erick Weje from the Rotaract Club of Malindi, in Kenya and discover how the club managed to plant over 80,000 propagules and over 50,000 seedlings with the help of the local community.

Engage youth into Coastal cleanups and Mangrove education projects to restore the environment like Shama Bisnauthsing project at the Rotaract Club of Phoenix, in Mauritius.

Or follow Royann Dean footsteps and help improve the flow of water in your Mangroves to prevent coastal erosion like the Rotary Club of East Nassau in the Bahamas.

This is your opportunity to discover innovative ways to restore Mangroves through the portrait of these innovative Rotarians and Rotaractors.
